

AEOLOS – 5 Years Standard Warranty

Aeolos wind turbines carry a five years limited product warranty to the original purchaser from the date after shipment from our factory. This warranty covers the Aeolos Wind Turbine, Controls and Tower (exclusive of foundation and wiring).

This limited warranty extends only to material and workmanship provided or recommended by Aeolos wind turbine. Use of components not sold by Aeolos wind turbine voids this warranty. This warranty does not cover installation by the Dealer or any other party as regarding installation materials, components, workmanship, or installation design. These installation related items are covered by a Limited Installation Warranty when purchased from an authorized Aeolos Dealer. Service or Installation by anyone other than an authorized Aeolos Dealer voids this warranty.

Warranty coverage is extended only to customers who complete and submit a product registration form to Aeolos wind turbine within 30 days of receiving product. Submission of photographs and any applicable permit and or inspection documents are required after installation to initiate warranty coverage.

ITEMS NOT COVERED BY THIS WARRANTY INCLUDE:

- ABUSE, MISUSE OR VANDALISM.
- WINDSTORM, LIGHTNING AND HAIL DAMAGE OR ANY OTHER INSURABLE LOSS UNDER STANDARD FIRE AND EXTENDED COVERAGE POLICIES GENERALLY AVAILABLE FOR ENDORSEMENT TO THE WIND SYSTEM CONSUMER.
- TOWER SYSTEM FOUNDATIONS.
- ALL ACTS OF GOD, INCLUDING TORNADOES AND ALL OTHER CYCLONIC WINDSTORMS.
- DAMAGE DUE TO VOLTAGE IRREGULARITIES, INCLUDING LIGHTNING OR UTILITY SYSTEM FAILURES THAT ENTER INTERTIED JACOBS SYSTEMS FROM THE OUTPUT (GRID) SIDE.
- DAMAGE DUE TO FAILURE TO PERIODICALLY SERVICE AND MAINTAIN SYSTEM IN ACCORDANCE WITH INSTRUCTIONS FURNISHED BY AEOLOS.

This warranty is not applicable to any component which, in the opinion of the manufacturer, have been subject to overload, mechanical abuse, improper installation, use with any unsuitable power source, or any other non-warranty condition.

Any damaged component part of the system covered under this warranty, Aeolos will

provide the replacement parts to customer and pay for the sea shipping cost for this replacements. All the replacement parts did not include the engineering works.

Aeolos wind turbine reserves the right to make changes or improvements in its products in the future without incurring obligations to make these changes and improvements to products previously supplied. Occasionally a product improvement will be made that either prevents future failure of apart/component or eliminates a safety hazard. Aeolos will then issue a Field Change Order to correct this problem. Installation of the mandatory Field Change Order must be done within 30 days of issue or the warranty will be void should failure occur as a result of not installing said parts or components.
